<b>LCD Hardware</b>				
1	LCD electronic price tag	LCD-PM1011	10.1 inch HD LCD <b>single-side</b> screen; Resolution 800*1280, full viewing Angle, true color display, WIFI, Bluetooth, LINUX system	
2	LCD electronic price tag	LCD-PM1012	10.1 inch HD LCD <b>double-sided</b> screen; Resolution 800*1280, full viewing Angle, true color display, WIFI, Bluetooth, LINUX system	
3	LCD electronic price tag	LCD-PM1013	10.1 inch HD LCD <b>single-side</b> screen; Resolution 800*1280, full viewing Angle, true color display, WIFI, Bluetooth, LINUX system, Contains small metal base, Type c interface	
<b>Mounting fittings</b>				
1	Rail 1 m	LCD-DG10	1m/pcs for LCD electronic price tag power supply and suspension, one can be hung 5pcs, no single or double screen, there are special holes on the rail for rope installation	
2	Rail 1.5 m	LCD-DG15	1.5m/pcs for LCD electronic price tag power supply and suspension, one can be hung 5-6pcs, no single or double screen, there are special holes on the rail for rope installation	
3	Conducting module	LCD-MK01	For power supply, one for each rail	
4	Rail suspension wire rope 1 m	LCD-DS01	Rope length of 1 meters, with mounting screws, rope consumption: 1 meter Rail to use two, 1.5 meters Rail to use three	
5	Rail suspension wire rope 2 m	LCD-DS02	Rope length of 2 meters, with mounting screws, rope consumption: 1 meter Rail to use two, 1.5 meters Rail to use three	
6	Power cord	LCD-DYX15	The conventional length is 1.5 meters. China, Australian, UK, European and American standards are optional	
7	Adapter	LCD-SPQ01	Power supply 12V 5A, can be connected to 6 dual screens (12 single-sided screens)	
8	Router		A router can carry around 80-100pcs LCD price tags	
9	LCD stand (Small)	LCD-ZJ01	Size: 45*33CM	
10	LCD stand (Large)	LCD-ZJ02	Size: 80*100CM	
11	T-shaped guide rail connector	LCD-TLJ01	Used for splicing two guide rails	
12	Linear guide connector	LCD-YLJ02	Used for splicing two guide rails	
13	Guide rail power supply connector	LCD-GDLJ01	It is used for power supply of two guide rails
